**Our Rejuvenate Membership** is designed for those who value graceful aging, natural results and uncompromised care. We offer three tiers to suit your goals, whether that's gentle maintenance or a more complete approach to improve the look and feel of your skin.

Every visit ensures personalised care and professional treatments, aiming to help reduce the appearance of fine lines and support a refreshed look.

**Following an initial complimentary facial and skin consultation, the correct membership tier based on your individual needs will be discussed.**

### The benefits of joining our Rejuvenate Membership

- Payment by a convenient monthly Direct Debit, allowing you to budget.
- Appointment times to suit you whenever possible.

---

### What's included in your Rejuvenate Membership?

Following an in depth skin/ facial analysis you can benefit from some or all of the treatments included in each tier, ensuring your skin needs are met throughout the year and accounted for by conveniently spreading your payments monthly rather than all in one go.
